## Professional Summary

Results-driven telecommunications and construction professional with 21+ years of experience managing large-scale fiber optic installation, wireless communication systems, and structured cabling projects. Expertise in overseeing OSP/ISP projects, managing field teams, and delivering high-quality outcomes within timelines and budgets. Strong background in LTE and 5G deployment, and civil infrastructure. Adept at leading teams, managing vendor relationships, and ensuring compliance with safety and quality standards. Proven abilities in financial management, budgeting, and customer service.

---

## Professional Experience

### Boise's Best Auto Sales *Finance and Marketing Manager* | June 2023 – Present

- Manage financial strategies, including budgeting, forecasting, and financial reporting, to drive profitability.

### First Point Group – Ericsson *Telecommunications Construction Coordinator / Network Engineer (Contract)* | October 2021 – July 2022

- Coordinated cell tower construction and network projects, including planning, budgeting, and execution.
- Managed multi-million dollar budgets, optimizing resource allocation to reduce cost overruns.
- Led field teams in installing and commissioning wireless communication systems, improving field operations by refining crew schedules and resource allocation.

### Westland Towers *Senior Field Technician (Contract)* | July 2022 – June 2023

- Led installation and maintenance of wireless communication systems, including cellular antennas and microwave technologies.
- Performed preventive and corrective maintenance to maximize network reliability and uptime.
- Spearheaded cellular site upgrades to improve network performance and reduce downtime.
- Trained junior technicians on safety standards and protocols.

### KGP Co *Outside Plant (OSP) Construction Manager (Contract)* | February 2021 – October 2021

- Directed the installation of 500+ miles of fiber optic infrastructure for FTTH and FTTC projects, overseeing 5 supervisors and 20+ field crews.
- Managed all aspects of OSP construction, including scheduling, material procurement, and quality control.
- Led daily coordination of contractors and subcontractors, ensuring adherence to safety and industry standards.
- Handled permitting and Right-of-Way access, coordinating with local authorities to ensure regulatory compliance.
- Conducted site inspections to ensure compliance with client expectations, safety protocols, and quality standards.

### **MasTec Network Solutions *Construction Manager* | January 2018 – April 2020**

- Managed large-scale LTE and 5G deployment projects, overseeing up to 15 crews.
- Collaborated with stakeholders to ensure compliance with safety and quality standards.
- Successfully deployed 5G network upgrades, improving coverage and system performance while reducing rework and improving quality control.

### **Broken Arrow Communications *Regional Manager* – | July 2015 – May 2017**

- Managed 8 crews across multiple cell tower construction sites, overseeing new builds, equipment upgrades, and technology implementations.
- Directed projects through scheduling improvements, budget management, and team leadership to improve completion times.
- Implemented safety training programs that resulted in zero work-related incidents.

### **Benchmark Electric *Construction Manager / Foreman* – | March 2012 – July 2015**

- Led teams in installing antennas, coaxial cabling, and wireless communication systems.
- Planned and supervised all construction phases, including tower erection, antenna installation, and fiber integration.
- Successfully completed LTE and 5G network upgrades, ensuring integration with existing infrastructure.

### **SBA Communications *Tower Technician* | March 2012 – July 2015**

- Installed and maintained cell towers, including antennas, coaxial cabling, and lighting systems.

### **Cold Souls LLC *Owner/Operator* | December 2007 – March 2013**

- Managed all aspects of business operations, including finance, product design, and customer relationship management.

### **Unit Drilling *Floor Hand/Chain Hand* | March 2005 – November 2007**

- Operated hydraulic equipment and assisted with rig setup and maintenance in high-risk environments.

### **Wasatch Electric *Tower Technician* | 1999 – 2002**

- Installed wireless communication systems, including antenna and line installations.

---

### **Certifications**

- OSHA 10 & 30 Certified
- First Aid and CPR Certified
- ComTrain Certified Instructor (Tower Rescue and Rope Access)
- ODM Fiber Testing & Cleaning Certified
- Commscope & Andrew's Certification
